ART GUILD OF PADUCAH

Bringing it all Home

October temperatures bring such comfort. Fall is always welcome for so many reasons besides the cool, crisp air. Trees turning color, apple cider, pumpkins. We begin to turn inward as our summer gardening comes to a close and we prepare for winter. With those thoughts in mind, what could be more timely than an art exhibit celebrating home?

"**Home Is Where The Art Is"** opens with a reception Friday, October 2 from 5:00pm – 7:00pm and runs throughout October. Fiber artists Valerie Pollard, Patience Renzulli, and Karen Utz explore the meaning of "home" through their work. Join us and let their art spark a conversation! We look forward to a fun evening, including light refreshments.

We hope to see you this month. Visit us at the gallery for some fall inspiration!
